### **Our Philosophy**

*In the transportation business, a company cannot reach its full potential by depending on local resources alone. A strong network of national affiliates and referrals is necessary to boom a business. The only way to build an affiliate relationship is to provide their clients with the same excellence of service as they do. Executive Town Car & Limousine Service strives for excellence. Our stellar service is not only extended to our customers, but to our affiliate's customers as well.*

*We understand the importance of our relationship with you - our affiliate. You can be assured that we will represent you in the best possible manner. We always open doors, load luggage and go out of our way to please the client. Our drivers are always uniformed appropriate to the occasion, on time and our vehicles are kept spotless. We offer a beautiful fleet and a variety of services that are sure to please and impress.*

*We look forward to serving your clients and referring business back to you.*

### **The Owner**

*As a professional wrestler for 16 years (Ric McCord), Patrick Helvey enjoyed the pleasures of being in the back seat of limousines so much, that he decided to try the front seat.*

*He started as a chauffeur with a limousine company in Kansas and then moved back to his hometown of Salem, VA to start his own Town Car & Limousine business. Beginning with only one Lincoln Town Car, he was determined to grow and provide the best service in SW Virginia.*

*Patrick dove in head first, increasing his fleet, joined all of the area Chambers of Commerce of which he is still active and attends meetings, served 5 terms on the board of the Virginia Limousine Association and to this day, has the same zeal for the business that he had when he started.*

*Anyone who has had the pleasure of meeting him can attest to his humble manner, honesty and integrity, as well as his determination to represent the limousine business as professional and elegant. When you are in Vegas or Atlantic City, make it a point to find him and see for yourself.*

### **Our Chauffeurs**

*With an average of 15-20 years of limousine and luxury transportation experience, our chauffeurs know what is required to make the customer's charter memorable. Our chauffeurs have experience in cities from California to New York to Florida. They are all screened and probationed before being trusted with our customers and your clients. They are trained to impress and please with the perfect blend of southern hospitality and professionalism.*

*Always attired for the occasion as per your requirements, our chauffeurs go out of their way to ensure that the customer is happy.*

### **Our Fleet**

*We are continually upgrading our fleet to provide the latest technology and comfort to clients. Our current pristine fleet consists of a Chrysler 300 Tiffany 130" Stretch Limo, a Mercedes Sprinter Limousine, 2 Lincoln stretch limos,*
